BACKGROUND:

The Bernardsville Fire Company, a volunteer organization, provides fire, rescue, and emergency medical services to the Borough of Bernardsville. The Bernardsville Fire Company also provides mutual aid to the surrounding communities upon request from those communities.

In 1897, the Bernardsville Fire Company began its tradition of dedication and commitment to the community. The company began with thirty men, a dozen water buckets, a ladder and a promise to protect the lives and property of the Bernardsville community. Today the fire company holds true to that commitment. We have over fifty members, three fire engines (including a rescue engine), two ambulances, one tanker truck, one brush/utility vehicle, and one incident command/chief's vehicle. The equipment is state of the art and our fire and first aid training is comprehensive and exciting.
